• **DESIGN EXPERIENCE**

HBA Atlanta | Nov 2022 - Present

Interior Designer

- Led the design and delivery of international and U.S. hospitality projects, including large-scale resorts and luxury commercial spaces, from concept through construction documentation.
- Managed end-to-end project phases (SD-CD), FF&E coordination, and detailed design for public areas, F&B, VIP spaces, and guestrooms, while aligning brand standards with budget constraints.
- Collaborated closely with clients, consultants, and global brands including Westin, Marriott, JW Marriott, Ritz-Carlton, and Embassy Suites supporting presentations, approvals, and cross-disciplinary coordination to ensure high-quality, integrated design outcomes

MSR Design | Feb 2022 - Oct 2022

Interior Designer

- Delivered integrated interior design solutions across public, institutional, and workplace projects, focusing on FF&E development, signage and wayfinding systems, and spatial planning.
- Produced comprehensive SD-CD documentation and detailed millwork packages for renovation environments, while leading 3D mockups and graphic studies to enhance functionality, user experience, and cohesive visual identity across architectural spaces.

L'Oreal Paris | June 2021- Feb 2022

Travel Retail Designer

- Managed and delivered a high volume of retail design projects across North America, South America, and the Caribbean, leading end-to-end execution from concept through installation within fast-paced rollout timelines.
- Collaborated with cross-functional teams and global brands to ensure alignment with brand standards, regional requirements, and production feasibility, while maintaining design quality and efficient coordination across all project phases.

Creative Group, Delhi, India | Jan 2017- Jun 2017

Architecture Intern

- Supported the design development of large-scale infrastructure and commercial projects, contributing to technical documentation, schematic design packages, and presentation materials.
- Developed concept studies, façade explorations, and 3D models for projects ranging from airport typologies to high-end residences, while assisting in planning and layout development.
- Recognized for strong visual communication skills, took on independent responsibility for art package development and coordination with external consultants, supporting cohesive and well-integrated design outcomes.
